

Otsego Christian School

EST. 1989

OCS Parents,

We would like to commend you on your decision to have your child attend Otsego Christian School for their early education. OCS continues to use proven, traditional educational methods and curriculum with a solid Christian foundation. We feel that this is the absolute best education for your child. We recognize, however, that this private school setting comes with dedication and sacrifice, and it is this devotion to your child's future deserves admiration.

We would like to make attending OCS possible for every family who desires to have their children educated here. With that in mind, we understand that some families may struggle to meet the financial obligation of tuition. We would like to help with this.

Please take a few moments to complete the Financial Assistance application. This will help us make the best decisions we can concerning how we can help make OCS affordable for your family. The best way to offset any deficit in your financial obligation is by involvement in the school, so please consider ways that you think you could contribute.

There are many ways to be involved throughout the school year: classroom aids, Parent-Teacher Fellowship, fundraising committee, school dinner-auction committee, school Board, general maintenance and cleaning, lunch and recess helpers, drivers and helpers for field trips, marketing and promoting the school in the community, etc.

Most importantly, please keep the line of communication open with us. Our desire is to make attending OCS possible to every family who truly desires to have their children here.

Respectfully,

OCS Board of Directors

Karl Johnson, *President* – karl@gaylordcollision.net

Steve Bond, *Vice President* – smlmbond007@gmail.com

Aaron Pegg, *Treasurer* - apegg@amphotographystudio.com
